

DESIGN | INSTALLATION

Solar

PDP provide high quality solar services for homes and businesses in the South.

From advice to installation, PDP can design and install new systems or help with an existing system. PDP's experienced team offers initial project assessment and practical advice on how solar panels / photovoltaic systems (PV) can help in meeting carbon targets, reducing carbon output and generating clean usable power – making your home or business more energy efficient.

We have access to all leading manufacturers. PDP Services are LG Pro installers and Tesla partners among others.

- ✓ Solar photovoltaic (PV)
- ✓ Solar thermal
- ✓ Battery storage
- ✓ Immersion controllers
- ✓ Bird proofing
- ✓ Commercial systems
- ✓ Domestic systems
- ✓ Cleaning & maintenance
- ✓ MCS Approved installer
